We are looking for a Parent Governor.

Governors offer strategic guidance, rather than getting involved in the operational aspects of a school. This involves:

- Working with other board members to plan the school's strategic direction.
- Overseeing the school's financial performance, ensuring money is well-spent.
- Holding the head teacher to account.

A governor's relationship with the school's leadership team involves challenging existing processes to drive school improvement.

Governors attend around six meetings per year. Becoming a governor requires drive and commitment, you'll enjoy many professional and personal rewards, including career development opportunities and the chance to support our children's futures.

If you are interested or would like more detail please contact Mrs. Kossowicz.

**We loved our BMX workshop, look out for photos on the website. We learned how to persevere and not give up, and learning from failure - *Flearning!***
