

Relationships and Sex Education Curriculum

Relationships and sex education (RSE) is learning about the emotional, social and physical aspects of growing up, relationships and reproduction. It will equip children and young people with accurate information, positive values and the skills to enjoy healthy, safe and positive relationships, to celebrate their uniqueness and to take responsibility for their health and wellbeing now and in the future. RSE is taught in a way which is complementary to the wider ethos, values and principles of our school. RSE in this school is learning about the body, feelings, beliefs, relationships, rights and responsibilities and knowing how and when to ask for help if needed. It involves acquiring information, developing skills and forming positive beliefs, values and attitudes.
