

Dodgeball Clubs are run by Active Education, you can sign up using the link below:

Parents will need to follow this link - <https://activeeducation.ipalbookings.com/> to access the upgraded booking system, where they will need to create an account and add their child's details.

The link is also present on our website here - <http://www.activeeducation.info/camps-and-clubs>

Please note - the old booking system is no longer in use, so parents MUST create an account on the new booking system and book onto the club there.

It's from the same developers, so the process is similar but much faster, easier and more user friendly.
