Continue to develop our arts provision, building on our Artsmark success, with a particular focus on music and drama.

2 Raise attainment and improve pupils' fluency, reasoning and problem-solving in mathematics

Ensure all pupils develop strong mathematical skills, fluency and confidence to reason and solve problems.

3 Continue to raise attainment and enhance experience of science in KS1 and 2

Provide exciting, hands-on science learning that deepens understanding and sparks curiosity.

4 Strengthen teaching and learning so that pupils know more, remember more and apply their knowledge

Continue to develop high-quality teaching and a curriculum that helps pupils build secure, lasting knowledge.

5 Continue to develop pupils' understanding of cultures, religions and the diverse world in which they live

Help pupils become curious, respectful and informed citizens who understand the wider world.

6 Strengthen governor monitoring of SEND, inclusion and curriculum impact

Ensure governors continue to provide strong challenge and support, with a clear focus on the impact of provision.

7 Develop and embed Pupil Parliament as a meaningful vehicle for pupil voice

Give pupils a stronger voice in shaping our school, ensuring their ideas help inform decisions and developments.
